

WORLD CUP 2026 SWEEPSTAKE

HOW TO PLAY

- **Print out the sweepstake kit**
- **Cut up the 48 flags, fold them and put them in a hat**
- **Each person then chooses one of the teams from the hat in exchange for a suggested donation (suggested £5 per team)**
- **Write the person's name on the correlating team**
- **Wait until the end of the tournament to crown the winner and award the prizes**

TOP TIPS

- As there is more chance of a person winning if they have the big teams it can be a tough sell if you have just the lesser teams left. Therefore you can add prizes for the team knocked out first or run a separate competition for the total goals scored in the tournament.
- The prizes you offer to the winner are completely up to you, they can be anything from a medal or trophy, to just playing for fun and bragging rights.
- Keep an eye on what's happening in the tournament and update those involved to keep people engaged with your fundraising efforts.
